LELAND STANFORD JR. UNIVERSITY  
SANTA CLARA COUNTY  
TERRITORY SHOWN ON THIS SHEET  
OUTSIDE OF CORPORATE LIMITS

THIS SHEET  
NOT REVISED SINCE 4/62

**REPORT.**

A RECENT INVESTIGATION OF THE CAMPUS OF LELAND STANFORD JR. UNIVERSITY, SANTA CLARA COUNTY, CALIF., HAS REVEALED THE FOLLOWING FACTS:

**WATER FACILITIES:** The drainage, sewerage and water supply systems of the campus are in good condition and are well maintained. The water supply is derived from the San Francisco Water Company and is distributed through a system of pipes and valves. The drainage system is composed of a network of pipes and sewers that lead to the city's main sewer system.

**SEWERAGE SYSTEM:** The sewerage system of the campus is well maintained and is capable of handling the waste water from all the buildings. The system is composed of a network of pipes and sewers that lead to the city's main sewer system.

**WATER SUPPLY:** The water supply of the campus is derived from the San Francisco Water Company and is distributed through a system of pipes and valves. The water supply is sufficient to meet the needs of all the buildings and is well maintained.

**WATER TREATMENT:** The water treatment plant of the campus is well maintained and is capable of treating the water to meet the needs of all the buildings. The plant is composed of a network of pipes and valves that lead to the city's main water supply.

**FIRE DEPT:** The fire department of the campus is well maintained and is capable of responding to any fire emergency. The department is composed of a network of pipes and valves that lead to the city's main fire department.
